Stations

## Directors

Joachim Goldbeck, Bjoern Lamprecht, Tobias Schuessler

Joachim Goldbeck is the founder and main shareholder of the Goldbeck Solar GmbH since 2001. With over 20 years of experience in the photovoltaic industry, Joachim Goldbeck has registered numerous patents and contributed to various industry related committees. He has been President of the German Solar Association (BSW) since 2014 and runs Goldbeck Solar with Bjoern Lamprecht and Tobias Schuessler.

Bjoern Lamprecht contributes to Goldbeck Solar with over 25 years of professional experience and a multidisciplinary approach including: operational responsibility of miscellaneous units, development of strategic roadmaps, management of restructuring programs, realization of growth strategies as well as various M&A projects. Furthermore Mr. Lamprecht has deep insight in market entries and the optimization of business processes. Since 2012 he is in charge as Chief Operating Officer at Goldbeck Solar GmbH, Germany.

Tobias Schuessler has developed an impressive career in Goldbeck Solar. He started as a Project Manager 10 years ago and through the combination of his interested and awakened personality as well as his professional competence as an electrical engineer, successfully managed his way through all operational areas of the company, specializing in electrotechnical requirements, norms and standards for the construction of solar power plants. Since 2017 he was appointed chief operating officer of Goldbeck Solar.

This strong team define the future of Goldbeck Solar, leading it into a new era of solar energy

## Financial Stability

The reliability and stability of Goldbeck Solar is recognized in top credit ratings. The solvency rate index is 150 meaning "very good solvency" and the corresponding PD (Probability of Default) amounts to 0.08 %, lower than the average in Germany which amounts to 1.42%. The company has strong relationships with tier one suppliers which ensure that product procurement is of best value. Goldbeck Solar stands for long-term responsibility and solidity that underline the bankability of your project.

## Awards

- Best utility-scale PV-Project in UK 2014.
- Intersolar Award 2014 for technical excellence for the Marienheide School and Sports Center in North Rhine Westphalia.
- Intersolar Award 2017 for technical excellence in the landfill cover project "Hellsiek".

## Product & Service Range

## Partners we seek & Services we offer

### You are Investor

We provide investment opportunities from early stage project development to fully connected PV Power plants. Furthermore, O&M and Asset Management Services to secure long term profits of your investment.

### You are Project Developer

We can partner up with you from early stage developments and provide technical assistance along the way or purchase your fully developed projects.

### You are Off-taker

You are an industrial or energy trading company and want to purchase clean and unexpensive electricity? We can provide PV electricity, so that you, your clients and the society benefit from your decision.

### You are all in one Investor & Developer & Off-taker

We can simply design and build the most reliable and care free PV system for you. A full package including Operation and Maintenance service. So that you can concentrate your efforts on your core activities.

## Our Markets

## Clients

Our clients are internationally renowned companies that require and obtain from Goldbeck Solar, the best solar plants on industrial roofs and ground mounted. We take care of our long-term partnerships over the lifetime of every solar power system.
